BIG! This is Savannah, my big sister in my sorority. I never had a big sister growing up but for the last year and a half she's acted like the stereotypical "big sister" that I never had--makeup help, advice, someone to do everything with. My name is Christina Hunt and I am a second year Journalism major, Business minor at the University of Florida. I am also a sister in the Alpha Nu chapter of Phi Mu Fraternity and Senior Editor of UF Honors' online magazine, Prism. I grew up as an only child in a small town just north of Tampa. I decided to be a Journalism major after joining yearbook in high school, where I fell in love with creating a journalistically sound publication. BAILEY. This is my dog Bailey. She's a boxer, which is my favorite dog breed. Unlike a lot of other breeds, boxers have visible eyebrows, which allows for some really funny facial expressions from your pet!
